

混搭幸福

■朱淑雅

人的一生,追求着幸福,渴望着幸福,享用着幸福。可是没有人能说出幸福是什么,因为幸福囊括了人生太多丰富的表情,囊括了人们所有欢畅喜悦的心情。幸福是双向的,是一种能量,它发端于事物的层面,流溢于心灵的源头。有了幸福,反过来就有了不幸。幸与不幸,除物质层面的差异外,更多是在精神层面上的情感所折射呈献的生命状态的差异。

幸福是自在的花开;

幸福是春水的荡漾;

幸福是田园风光的无限;

幸福是蓝天铮亮、白云悠悠。

幸福也许没有形状,没有温度,没有味道,没有色彩。幸福是可感可知而不能触摸把握的精灵,它附体于我们,又时不时与我们捉着迷藏。

但幸福也是有形状,有温度,有味道,有色彩的。对幸福这样一些感知感受,与我们生命情感的灵敏度有着很大的关联。

在生命进程的不同时段,即是同一个人,对幸福的把握、感受、认知也是不同的。幸福与生存环境、生活经验、人生追求、价值取向紧密结合,谁也不能把幸福从中割裂开来。马斯洛把“温饱需要、安全需要、爱、尊严感、自我价值的体现”定义为“人类精神需要的金字塔”。我认为,这些人类物质与精神的总需求,它们不是呈几何阶梯形的递进关系,而是生命机体对生活、对世界、对宇宙的一种全面的反应与观照,它们是一个不可分的整体。

毋庸置疑,幸福是人类精神需求达到满足的一个重要层面。幸福很公平,它青睐于每一个人。它与贫富、尊卑、贵贱这些俗世的是非判断标准无关。它是非功利性的,是最靠近灵魂的一种愿望。由之我

发现幸福的另外一种形态,是种混搭的状态、混合的效果。这个判断,既符合生命个征,也谙合生命群体。

幸福随时随地都发生着,在每一个人身上。也许它充满了理由,更多的时候无需理由。它是你的一个时刻,如同你喜欢上了一双鞋子;它是你的某个人生阶段,如同你在一个时期的梦想;它是你不同生命阶段中,时时渴望着的情感。你不能分清哪一种或哪一样幸福是你想要的。因为它们有区别却没有界限,让你难以分别。它们混搭在一起,与你的生活为伴,与你的生命为伴。

在你生活的世界里,必然地要与群体发生关系。你是家庭的成员,你是集体或集团中的一员,你是社会的一分子。你的幸福,会是家庭成员的幸福、会影响到集体其他成员;反之,你面对的幸福,它远比产生于你自身的要多得多。这是幸福混搭的另一境界。

的确,我们对幸福无法定义,它的层次十分丰富、内涵分外精彩;对于幸福,谁也无法把握,只有感受认知,因为我们永远都不知道幸福正在等着我们,在下一刻、在每时每刻,我们都不知道是我们眷顾幸福,还是幸福来钟情我们。

幸福是雨露的滋润;

幸福是清脆的鸟鸣;

幸福是……

幸福是人一生对生命的欢快情绪、生活自足、精神财富诸多精彩片段进行串联或联通的一根红丝线。了解幸福,认识幸福,懂得幸福。无疑,我们每个人都有着属于自己的幸福,这就是生命多元状态下混搭着的幸福。

安徽红十字会卫校党支部,认真贯彻落实安徽三联学院党委的部署,遵照在创先争优活动中开展基层党组织建设年的要求,结合学校实际,深入开展“双创大发展活动”,全面加强学校党组织建设,提高党的建设科学化水平,实现基层党组织建设“五个进一步提升”的目标,推动创先争优活动不断发展,创办红十字特色一流学校。

一、深入开展“双创大发展活动”,掀起学校创先争优新高潮

卫校以科学发展观为统领,以“落实国家教育规划纲要、服务学生全面健康成长”为主题,以“三亮、三比、三评”活动为抓手,加强基层党组织建设,深入开展“双创大发展活动”,充分调动了党组织和党员立德树人的积极性,极大地激发了广大师生创先争优的激情和创造力。学校党政领导带头开展深入基层“大走访”活动,着手解决群众反映强烈的重点、难点问题。学校党支部和党员主动亮出公开承诺,自觉接受群众监督。学校二级机构,转变服务态度,提高工作效率,公开了各自工作流程,热心为师生服务,受到了广大师生的一致好评。在“双创大发展活动”的推动下,广大党员和师生在各自的岗位上争先进、创佳绩、促发展,学校出现了创先争优的新气象。卫校先后召开了“认真学习贯彻党的十七届六中全会精神动员大会”、“双创活动总结表彰大会”;开展了“消防安全疏散演练”、“预防艾滋病宣传”、“义务献血”、“医学基础课公开教学评比”、“护理技能大赛”及“应急救护大演练”等活动,服务学生健康成长,推动学校全面发展。安徽电视台就纪念“5.8”世界红十字日、卫校开展应急救护大演练活动进行了专题宣传报道。2012年,卫校教师、学生参加全国和省、市护理技能大赛,夺得省、市护理技能大赛“一等奖”、全国护理技能大赛“二等奖”,这是“双创大发展活

动”的丰硕成果,彰显了卫校教育质量和学校竞争力。

遵照安徽三联学院党委的部署,在“基层党组织建设年”活动中,我支部建立健全了“党建工作十项制度”,重点加强学校党组织思想、政治、组织和制度建设,严格执行民主集中制组织原则,定期召开支部大会、支委会和民主生活会,健全党内民主生活。党建工作做到年初有计划,月月有安排,实施有检查,年终有总结,提高了党建工作科学化水平,不断激发党员群众内生动力,引导师生员工创佳绩、比奉献、当先锋。加强党风廉政建设,设立党支部意见箱,公开监督举报电话,不断完善民主监督机制,筑牢拒腐防变防线,提高党员干部廉洁自律能力。近年来,我支部党员从未发生违法违纪事件。我们把“立德树人”作为学校的根本任务,坚持党建工作与德育工作相结合,充分发挥党组织战斗堡垒作用,开展了“抓党建、促三风”活动,以作风建设为引领,促进校风、教风、学风建设,推动了学校内涵式发展。为了树立先进典型,卫校积极开展党员示范岗创建活动,并注重典型引路,引导广大党员和师生对照先进找差距,学习典型见行动,立足岗位创佳绩。发扬党的密切联系群众的优良作风,践行党的为人民服务宗旨,开展了“党员阳光联络活动”、“党员网络服务工程”、“学生党员与青年学生清香帮学”、“党员和入党积极分子志愿服务”、“党办学雷锋服务窗口”及“党员活动中心学雷锋服务窗口”等活动,充分发挥党员先锋模范作用,带动师生员工爱岗敬业,无私奉献,刻苦学习,奋发有为,在各自岗位上“强组织、增活力、创先争优,以优异业绩迎接党的十八大胜利召开”。学校行政保证党建活动经费开支,提升了党建工作保障水平。2010、2011、2012年,卫校党支部因创先争优

活动成绩显著,连续三年被安徽三联学院党委评为“先进基层党组织”。

三、认真贯彻建党工作方针,发展壮大学校党组织

学校党支部采取召开小型座谈会、思想教育报告会和个别访谈的方式,加强对青年学生和教职工进行入党启蒙教育,积极引导学生和职工申请入党。学生和职工自愿申请入党的有 2694 人,占全校师生员工总数 53%。我支部建立健全“入党积极分子思想汇报制度”、“入党积极分子培养教育制度”、“入党积极分子实践锻炼制度”、“入党培养联系人制度”和“入党积极分子鉴定推荐制度”,并认真贯彻执行,加强对入党积极分子培养、教育和考察。学校业余党校加强对入党积极分子培养和教育,共举办了 13 期入党积极分子培训班,参加培训的入党积极分子共计 1694 人。认真贯彻“坚持标准、保证质量、改善结构、慎重发展”的建党方针,切实加强对建党对象的教育培养、调研考察、党校培训和政治审查工作,创建了“双优双证”发展党员模式,坚持标准,保证质量,成熟一个,发展一个,认真做好发展党员工作。2012 年,我支部发展党员 14 名。其中学生党员 12 名,教职工党员 2 名。自 2009 年以来,我支部共发展党员 91 人,切实保证新党员的质量。对没有入党即将毕业的入党积极分子,学校党组织认真做好组织鉴定,负责推荐到新单位党组织继续培养,实现其入党理想。从学生和教职工中吸收新鲜血液,发展壮大学校党组织,保持党的先进性,提高党的战斗力。

四、拓展党建工作视野和思路,服务学生全面发展健康成长

为了拓展党建工作视野和思路,学校成立了“党员活动中心”组织,建立了党员宣传教育基地,配齐了基地的宣传教育设备,改建成立了 6 个学生社团,认真实施“三响一动计划”,开展丰富多彩、形式多样的学习实践和宣传教育活动,发展和繁荣校园文化,开创了党建工作新局面。召开思想教育报告会 7 场,受教育学生达 1108 人次。组织“自育自学”小组 267 个,参加“自育自学”活动的学生有 1861 人。创建“党建博览”宣传栏报和“党务公开”板报,开展党的宣传工作,“党建博览”栏报共出刊 6

遵照党的十七届六中全会的决策部署,学校党支部紧紧围绕立德树人这个根本任务,全面加强学校德育体系建设,构建学校、家庭、社会紧密协作的教育网络,大力开展学生思想道德教育工作,促进学生德智体美全面发展。卫校整体推进学生思想道德建设,全面整合德育资源,深入挖掘各学科蕴含的德育素材,进一步开发班会课的教育资源,充分发挥德育课教学主渠道作用,充分发挥党政群宣传教育功能,充分发挥红十字组织在德育教育方面的作用,把德育贯彻到学校教育、教学、管理和服务的各个环节。积极开展“教书育人”、“管理育人”和“服务育人”活动,培养学生主体意识,塑造学生主体人格,发展学生主体能力,努力探索“全员育人、全方位育人、全过程育人”的新模式,服务学生全面发展健康成长。

五、以学习型党组织建设为引领,推动学校全面可持续发展

卫校党支部在深入开展“学校学习年”活动中,继续推进学习型党组织建设,建立健全党支部中心学习组学习制度,创新学习机制和方法,积极开展中国特色社会主义理论学习活动,提升学习型党组织的辐射力,推动红十字特色教育不断发展。学校党员活动中心积极响应党支部的号召,组建了班级入党积极分子学习实践社 22 个,马克思主义学习小组 106 个,参加学习的入党积极分子计 573 人。在党员活动中心统一指导下,广大入党积极分子认真学习马克思主义理论,认真学习医学科学知识,加强修身储能,促进自身发展,树立了正确的世界观、人生观和价值观,坚定了对共产党领导和社会主义制度的信念和信心。

学校党支部在加强学习型党组织建设的基础

上,批转了党员活动中心的《倡议》,号召广大师生大力开展“全员终身学习活动”。卫校全体师生员工热烈响应党支部的号召,树立终身学习、终身发展的理念,积极营造重视学习、崇尚学习、坚持学习的浓厚氛围。坚持集体学习和个人自学相结合,创新学习方法和载体,自觉地以岗位为平台,以工作为课堂,立足岗位博学,带着问题求知,向书本学习,向实践学习,向群众学习,增强学习的实效性和影响力。发扬理论联系实际的学风,培养自己勤奋刻苦、持之以恒的学习精神,坚持学以致用,实现学用

相长,促进学习成果转化,真正做到学以立德、学以增智、学以创业。学校党支部以加强学习型党组织建设为引领,带动学习型学校建设,促进师生员工终生学习、终生发展,为我国 2020 年基本建成学习型社会打好基础,依靠学习积聚发展后劲,推动学校全面协调可持续发展。2012 年,卫校因办学成绩显著,荣获安徽省红十字会、安徽省教育厅授予的“安徽省红十字模范校”光荣称号。

勤勤恳恳、踏踏实实的党务工作者

——安徽三联学院张健同志

张健是外语学院党总支书记、英语系学管主任,有着36年党龄的老党员。能成为一名高校的党务工作者,她感到无比自豪也深感责任重大。作为一名高校的党务工作者,她认为做好学生的思想政治教育工作是做好党建工作的基础,也是自己肩负的历史责任。

一、稳步有序做好师生新党员的发展工作
首先注重做好学生的思想政治教育工作,利用课前课后,闲暇时间,找学生谈心谈话,引导学生积极地向党组织靠拢,解决他们思想上的实际问题和困惑,为外语学院的党建工作打下坚实的群众基础。

其次,在思想上加强学生的社会主义核心价值观体系、道德和法制教育,严格按照共产党员的标准吸收新党员,把发展工作落实到平时学生的学习、生活中,要求不仅组织上入党,更要思想上入党,使我们的党组织不断地吸收新鲜血液,发展壮大。一年来,她所在的第一党总支共发展党员342人,并为163名预备党员转正,办了两期入党积极分子培训班,对883名

入党积极分子进行了系统的培训。

二、充分发挥党员的先锋模范作用

去年,第一党总支共有 18 位党员同志作为三联学院首批党员示范岗挂牌。这不仅是对她们挂牌党员同志工作的肯定,更重要的是每当看到示范岗牌,不由自主地会想到自己更应该以党员的标准严格要求自己,要用党员的模范行动去带动周围的同志,这不仅是一份荣誉,更是一份责任。

去年 12 月份,她们各支部对学生党员宿舍和学生党员示范宿舍进行了授牌仪式;今年三月份第八个安全教育宣传月中,由于她们大部分党支部书记都兼任系自律委员会主任,所以在召开动员会中,号召学生党员和学生干部在安全月活动中严于律己,处处起到模范带头作用。

在学士学位评建工作中,英语系很多工作在不同岗位的党员同志把学院的发展看作是重中之重的大事,他们能够在院领导的统一部署下,以一个党员就是一面旗帜的精神,全院上下一条心,为学院学士学位授予权的顺利通过做出了贡献。

英语系开展的英语专业四级考试,通过率 61.33%,超过全国平均通过率 5 个百分点,08 本科、09 本科在英语专业四级考试强化中,英语系党员老师利用业余时间强化辅导班准备辅导材料,批改试卷等,他们的吃苦耐劳、默默奉献的精神得到了全体师生的赞扬。

三、不断开创高校党务工作的新局面

作为一名受到党的教育多年的老党员,张健老师无比热爱党的事业和本职工作,并能够以党员的标准严格要求自己,兢兢业业、踏踏实实地完成党组织交予的各项任务,并取得了一定的成绩。每次在做新党员发展工

作时,因为数量比较多,而时间又紧,为了保证按时完成新党员材料的填写,她经常是利用周末休息日到学院加班或把材料带回去填写;而且对每位新党员的材料都是认真检查,即使自己麻烦一点也要严把质量关,发现不符合要求,立即退回改正。因此每次上报的材料都能得到院党办的好评,大大推进了学院党建工作科学化水平的提高。

四、创新方法,把党建工作与发展繁荣社会主义文化结合起来

张健说,“成绩只能证明我的过去,作为高校党务工作的践行者,我们要努力做到德才兼备,以德为先,提高素质,加强自身思想政治建设,培养良好的态度与品德,全方位提高自身能力,切实增强责任感和使命感,用自己的实际行动为党旗争光。新形势对高校党务工作及党务工作者提出了更高的要求,要与时俱进,深入贯彻十七届六中全会精神,把党建工作与发展繁荣社会主义文化结合起来,努力提高当代大学生的文化素质,积极引导和丰富大学生的校园文化活动,让他们成为社会主义文化发展繁荣的主体力量和忠实实践者。”

张健老师最常说,“党务工作者要在党的领导下,统一思想,提高素质,维护和树立党务工作者的新形象,无论在何时何地,我们都不会忘记入党时的誓言,不仅要在组织上加入党组织,更要在思想上入党,用党员的标准严格要求自己,一定要两手都要抓,两手都要硬,为党的事业努力工作,为三联学院的发展贡献自己的力量,不断开创高校党务工作的新局面,在自己的人生道路上画上圆满的句号,无愧于“共产党员”的光荣称号。

电脑 MIMO 天线的应用

摘要: 多人多出(MIMO)是无线移动通信领域智能天线技术的重大突破。该技术能在不增加带宽的情况下成倍地提高通信系统的容量和频谱利用率。本文将介绍 MIMO 天线的实际应用——802.11n,以及实际应用在电脑上 MIMO 天线的设计和如何进行测试。

关键字: MIMO 天线;802.11n;电脑应用。

1、多人多出(MIMO)简介

MIMO (Multiple Input Multiple Output)系统在发射端和接收端均采用多天线(或阵列天线)和多通道。该技术采用空时处理技术进行信号处理,在多径环境下,无线 MIMO 系统可以极大地提高频谱利用率,增加系统的数据传输速率。在室内环境下,采用 MIMO 技术的无线局域网系统的频谱效率可以达到 20~40bps/Hz。对于 MIMO 系统来说,多径可以作为一个有利因素加以利用。通过这些并行空间信道独立地传输信息,数据率必然可以提高。

系统容量是表征通信系统的最重要标志之一,表示了通信系统最大传输率。对于发射天线数为 N ,接收天线数为 M 的多人多出(MIMO)系统,假定信道为独立的瑞利衰落信道,并设 N 、 M 很大,则式 1 为信道容量 C :

$$C = [\min(M, N)] B \log_2(p/2) \quad (\text{式 1})$$

其中 B 为信号带宽, p 为接收端平均信噪比。上式表明,功率和带宽固定时,多人多出系统的最大容量或容量上限随最小天线数的增加而线性增加,信道容量随着天线数量的增大而线性增大。也就是说可以利用 MIMO 信道成倍地提高无线信道容量,在不增加带宽和天线发送功率的情况下,频谱利用率可以成倍地提高。

2、MIMO 的应用

MIMO 技术是 802.11n 标准所采用的关键技术之一,该技术具有远超过传统有线以太网连接所具

备的数据吞吐能力,能显著增加 Wi-Fi 设备的有效传输距离,并大幅提高服务质量(QoS)。另外,802.11n 产品还将扩展 Wi-Fi 平台以及流行应用的功能。

随着无线技术的发展,电脑业越来越多的集成了无线技术,如:WLAN, WWAN (2G, 3G), Bluetooth, Wimax 等。如何将这些天线合理分布在电脑上,且相互干扰最小,这是一个比较困难的问题。以电脑应用为例,WLAN 都是以模块的方式安装到电脑上,并通过电脑里的屏蔽电缆连接到天线上。所以,一台电脑上可以装不同模式的 WiFi 模块,而给其使用的 MIMO 天线数目为两个或三个,可以支持 IEEE802.11a/b/g/n。如果是三支天线,一般命名为主天线、副天线和 MIMO 天线。实际设计过程中最关键的是选对天线位置,除了预留好天线空间外,还要考虑到每个天线的增益、场型、驻波比以及天线之间的隔离度。

3、电脑 MIMO 天线测试

MIMO 天线测试除了要考虑每个天线增益、场型、驻波比外,还需要考虑天线之间的隔离度。天线之间的隔离度越大,不同通道之间的相关系数就越小,通信容量和频谱利用率也会提高,所以 MIMO 天线之间的隔离度测试非常重要,一般要求隔离度在 25dB 以上。隔离度要求可以通过加大 MIMO 天线之间的间距或调整天线场型来达成目标。

MIMO 天线的实际意义就是提高无线网络传输速率,除了相关的测试设备外,全波暗室中测试天线之间的距离 D 必须大于 2.4GHz 的一个波长,而且每个天线都要为垂直极化方向。WLAN 的传输速率测试就是使用衰减器模仿待测物与无线接入点不同距离,测试待测物与主机之间实际的传输速率。所以测试过程中最重要的就是算准待测物与无线接入点之间的衰减,如式 2。由于实际上在不使用衰减器的情况下,已经有了最小衰减量,如式 3。所

以,测试出来的数据是一般是从 60dB 空间衰减开始测量的。

$$\text{Attenuation} = \text{Air Loss (path loss)} + \text{Loss of 2 cables} + \text{Attenuation value of Attenuator} - \text{Antenna gain} \quad (\text{式 } 2)$$

$$\text{Lowest Attenuation} = \text{Air Loss (path loss)} + \text{Loss of}$$

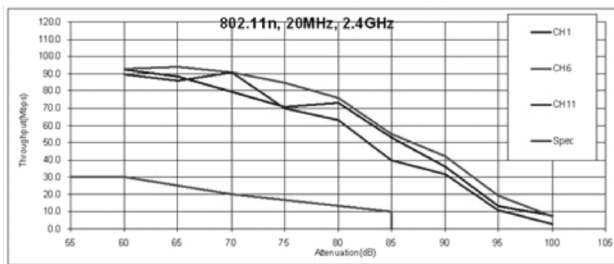

图 1 MIMO 传输速率的测试结果

$$2 \text{ cables} - \text{Antenna gain} \quad (\text{式 } 3)$$

图 1 为 MIMO 传输速率的测试结果,从图中可以得出,该速率高于 802.11g 27Mbps (最高是 54Mbps 但同时发送接受速率减半)的传输速率,表明 MIMO 技术确实提高了 WiFi 传输速率,而且在真实的用户使用环境中,这个优点更为突出。

4、总结

MIMO 技术是一项全新的技术,其在算法开发、信道建模、天线设计、测试平台搭建、芯片开发与标准化方面还有大量工作有待进行。随着 MIMO 无线通信技术日趋成熟,将逐步从理论研究走向产品开发,同时也预示着高速无线传输时代的来临。

重要的文件穿个“马甲”

现在每个人的电脑中或多或少都有一些重要文件,于是各种各样的加密方法也应运而生了。今天在这里给大家介绍一种方法——使用 DOS 命令中的“copy”命令,将你电脑中的重要文件隐藏在图片文件中,这样相当于给你的文件穿上了一件马甲!

具体方法如下:

1、将要保护的文件全部转移到一个文件夹中,然后使用 WINRAR 软件将文件夹压缩为后缀名为“baohu.rar”的文件(文件名可随意),并放置在任意磁盘之中。这里以 D 盘为例,再准备一张“a.jpg”的图片也放在 D 盘中。

2、单击“开始——运行”,输入“CMD”,回车进入命令提示符窗口,输入“D:”定位到 D 盘,接着输入“copy/b a.jpg+baohu.rar doc.jpg”,即将两个文件合并为“doc.jpg”一个文件。

3、把“baohu.rar”文件删除,再右击桌面空白处选择“属性”,然后把“doc.jpg”设置为桌面,这样就可

以隐藏着自己的重要文件了。

现在即使其他人打开“doc.jpg”看到也仅仅是一张图片而已,而且这个图片文件被我们放置桌面监控着,真的是很安全!

最后,特别说明一下,如果要提取重要文件夹中的文件,只需要启动 WINRAR 后定位到“doc.jpg”解压即可。

打造一个优秀的团队

——记三联交通公司市场工程三部

今年，三联交通公司根据业务发展需要，将全国分成了八个片区，设立了八个市场工程部。市场工程三部作为一个全新的团体诞生了，其分管的区域包括天津、广西、贵州、云南和海南。

古往今来，团队的凝聚力是最重要的。凡成大业者如孙中山、毛泽东等之所以能够开创前所未有的新气象，其中一个至关重要的因素就是将千百万人的心连在一起，在这股强大凝聚力的协助下大展宏图。那么作为一个新的团队，市场工程三部首先要思考的就是怎样打造出一个优良的团队，使在这个团队里的成员更有价值的凝聚起来，在负责的业务市场里大展拳脚，开拓更广阔的三联天地。

新年伊始，市场工程三部的工作已经紧锣密鼓的展开，结合众人的力量，力求营造一个全新的工作氛围，先后制定出台了一系列相关管理制度，希望能够对员工有极大的促进、激励作用，从而使团队的成员凝成一股绳，正是这种凝聚力，使我们今后的工作能更加紧密的互相配合、互相帮助，极大的提高了个人的主观能动性和整个团队的工作效率。

其次，我们意识到了团队协作的重要价值。良好团队协作机制需要扫除杂乱无章的做事步调，注重成员有效分工及培养成员之间的工作默契。目前市场工程三部有拓展人员 5 人，工程人员 16 人，技术支持人员 2 人，团队的统筹管理是必不可少的，当其他地区人手不足，需要支援时，能够及时抽调人员去支援，内外通力合作，这

就能够充分发挥每个人的作用，保证了目标任务的顺利完成。同时一个良好的团队协作机制，需要成员撇除对个人利益、成功的看重，树立以整个团队的成功为己任的观点，才能使得所负责的业务市场稳步发展。

团队成员个人能力的培养也是很关键的。如果一个团队的每个人都能独当一面，那么这个团队的工作效率无疑是很高的。年初，部门就指定了新人的传、帮、带的工作，希望能在最短时间内培养出一批业务骨干。

俗话说，“大海航行靠船手”。无论是团队协作还是成员个人能力的培养都需要核心领导人的远见和魄力。好的领导者，不能过分执着于权利的集中，要善于将一些权利下放给二级负责人（如地区业务经理、项目经理）去执行，给予团队成员更多的机会去磨练，增强他们的责任感、业务能力以及决策能力。如果一个领导者在每件事上都事必躬亲的话，那么，这个团队的发展将受到很大的制约，所以项目经理负责制的进一步推广，极大的提高了整个团队工作的效率和能动性，使得工作开展得更加的灵活和得心应手。

团队建设的好坏，象征着一个企业后继发展是否有强大的实力，也是这个企业凝聚力和战斗力的充分体现。我相信，市场工程三部在部门总经理的带领下，在整个优秀团队的共同努力下，业务工作一定会做得越来越好，交给公司一份满意的答卷。

一个三联新人的工作自白

七月——一个成长的季节。在这个属于成长的季节中,不知不觉,我已在三联投资集团工作两个半月了。伴随着两个半月的成长,我的人生历程已悄然开始……

四年前,怀着对未来美好的憧憬,我来到了三联学院,开始了四年精彩而又丰富的大学生活;四年后,当学生生涯结束,即将正式步入社会之时,我有幸再次加入三联大家庭,但这一次不再属于三联学院,而是三联投资集团!

新环境,新挑战!初到集团,我应聘到了人事部门。这是一个陌生而全新的领域,对于初入社会的我来说,懵懂而又好奇,有信心却又不免担心。幸运的,我在三联的大家庭!

工作中,领导语重心长的开导,谆谆的教诲和孜孜不倦的鼓励,给予了我极大的前进动力;同事们总是热心相助,耐心解释,从不推辞。慢慢地,我逐渐熟悉了人事工作所主要涉及六大模块,即人力资源规划,薪酬福利管理,培训与开发,绩效管理,招聘与配置,劳动关系管理……

针对所做工作,我也有了自己的认识和总结。

首先要有良好的人际关系。在一个单位中,良好的人际关系是顺利开展各项工作的前提。因为不管是什么岗位,都不可避免地要与公司内外的人打交道,甚至有些事务还或多或少地与政府部门经常联系,所以良好的人际关系对于工作的顺利开展至关重要。

第二、工作要细心、耐心。这是我两个半月来做人事工作的最大体会。事无巨细,大到一些原则性的问题,小到甚至是报告中的标点符号,都需要我们仔细思考,仔细核对。尤其是牵涉到数字问题,更是不可马虎,“牵一发而动全身”,有些工作数字的错误不仅会涉及财务,也会给相关部门工作带来许

多不必要的麻烦,同时也浪费时间和精力。人事工作是事务性的,服务性的,繁多且琐碎,只有细心耐心,才可把这些工作做好。

再者,就是保密性问题。人事不同于其他工作,保密性是人事工作的核心原则。在日常的人事工作中,难免需要了解各位员工的基本信息,这就关系到个人隐私方面的问题,我们所需要的就是让这些员工的基本信息止于我们,不可外泄。

除此之外,想要做好人事工作,还要求我们在个人修炼方面要努力提升自己的精神面貌、积极性和主动性。不管在任何岗位都应保持积极上进的工作态度,在专业上对自己要求要精益求精,在做人事做事上善于发现他人的优点,取长补短。同时在团队协作方面,个人的团队合作意识要强,一个人构成不了一个集体,即使他的能力再强。再者,一个企业要想做大做强,良好的内部协作能力是不可或缺的。在一个团队中,激励是非常重要的手段,精神激励能达到意想不到的效果,因为人的潜能是无限的,我们所做到的就是挖掘这些潜在的能量,若团队中每个人都能主动提出建议和意见,那么对团队工作业绩的提升将有很大促进作用!

记得刚来时,领导便要求在处事时要多听、多看、多学,对于我这个岗位还要加两条:少说,多干。对于自己做错的事情要及时纠正,做到下次不犯同样的错误;对于自己不懂的事情更要虚心请教。这也是我工作以来一直所奉行的标准。

总而言之,三联的未来即是我们的未来,今天的努力不仅仅是为了三联更辉煌的明天,也是为了实现自己的价值,为了自己美好的未来!

每个女孩的梦中都会有一双鲜艳的红舞鞋。穿上它,就像被施了魔法,平凡的女孩变成了公主,所有的目光都为了她而停留。一直都羡慕会舞蹈的女孩,身姿颀长挺拔,气质优雅迷人,在束起的干净的马尾里,有一种淡然却惊艳的美。尤其是芭蕾,让人心醉的音乐随着曼妙的舞姿,在充满诗意的背景和简约高贵的舞服中,诉说着一个又一个童话。

在舞台的中央,奥罗拉公主用自己的身体来倾诉忧伤,表达爱情,旋转,跳跃,再旋转,所有的诗情都倾泻在足尖。她像一朵白莲花般绽放。曼妙的轻纱舞裙、婀娜的身姿、一双会说话的眼睛和天鹅般的优雅,不得不说芭蕾和童话天生就是绝配,或许再没有一种更适合的方式,让想象中的童话世界,展现在我们眼前。因为喜欢童话,所以喜欢那充满浪漫色彩的芭蕾,可能生活中永远都没有这样的世界,结尾永远是幸福完美的生活,但幸好我们能偶尔逃脱一下现实,让芭蕾的魔法再次将我们唤回那个美好的童年,唤醒那已在心底沉睡太久的童年回忆。

整个《睡美人》的演出,特别喜欢每场结束后,高贵的紫丁香仙女或奥罗拉公主,甚至是邪恶的卡

拉鲍斯仙女,都会从容轻快地走到台前,以芭蕾独特的鞠躬方式向观众表示谢意,每一颦,每一笑,每个动作,都有着最自然的得体 and 优雅。神奇的舞鞋,让女孩变成了公主,从此,她沉浸在她的世界里,徜徉在美妙曲折的情节中,而我们,随着舞蹈的节奏,一遍遍地,重温着故事中每一个熟悉的场景。还是喜欢童话,那个让我们逃离这个世界的地方,藉着芭蕾这种方式,孩子的童话也有了让所有人心驰神往的理由。

②

还记得三宝那一头喜羊羊似的长卷发,从一上场就吸引了所有观众的目光。没看清他的样子,只记得他低沉的嗓音和那不时幽你一默的独特京味儿。看了这么多电影电视剧,现在才发现,原来有很多配乐或主题曲都是他的作品,让人不得不钦佩。从没有听过现场的交响乐,而这次还有大屏幕播放的影视片断,熟悉的画面加上环绕在身边的音乐,便有着更深的震撼力。这是一场中西结合的交响乐演奏会,其中使用了很多民族乐器。像雾像雨又像风,忧郁而醇厚的单簧管的声音,像是心里一段潮湿却温暖的回忆。北方故事在马头琴悠扬却近乎悲凉的声音中,仿佛在讲述这一片土地的沧桑。但凡

是这种有明显主题的音乐,都有一个贯穿演奏首尾的主要乐器。《暗香》是我比较喜欢的一曲音乐,只是我觉得交响乐演奏出来反而没有了歌曲原来的感觉。可能是乐器的合音太多,掩盖了本来清澈的独奏音色。

③

印象最深的是《我的父亲母亲》。原来那个美妙的声音就是从竹笛中发出来的。在这里,竹笛的声音不再那么尖锐,而是圆润地浮在半空,像是一片云,淡淡地,飘进你的心里。大屏幕上十年前电影,看过一遍,却没有今天这样的震撼。伴着那轻灵悠远的女声,眼前不停地闪过她一次次奔跑的背影,似乎整部电影中,都是这样的奔跑。泉水般清澈的笑容定格在秋天的原野、冬天的山岗,大片大片的枫林和弥漫了一切的白雪,是油画般迷蒙而美丽的背景。章子怡还是十年前那个纯纯的小女孩,一切温暖而美好。生命在不停地追逐和等待中渐渐老去,而手中依然是那枚早已褪色的发卡。在这里,音乐是用来诠释画面的,所有的乐手都是编故事的人。原来,小提琴可以和竹笛完美地结合,圆润清晰的乐声从笛中飘散开来,并不高亢,和着那少女的面容却像一抹怎么也抹不去的忧愁……这次真实地流泪了。

为什么,我也说不出来,可能是被这种现场的气氛感染了,我知道,我只是在听一场演奏,看一些

电影片段,可是感情都是真实存在的,拨动心弦。这时候,终于清楚地明白,为什么现场的演奏和演出总是能有这么大的魅力。

三宝说,“往往忧伤的东西最能刻骨铭心”。这或许是他大部分的作品都不大欢快的原因之一了。从他的音乐里,隐约能听出一股悠远的伤感,而现场演奏,更将这种伤感放大,植入内心。

这些在我看来就像是一个行走的梦境,只留下我追逐的脚步,如果累了,如果倦了,那就栖息一会儿,躺在音乐、电影或舞蹈的臂弯里,做一个香甜的美梦,我知道那些失去的,那些美好的记忆,都会在梦中复得。

文学的功与过

中文系出身的我,对“文学”可称得上是略有所知。但细想,也仅仅是略有所知而已,却大胆要对文学讲功论过。如此看来,未免有些荒唐,而亦恐难以公道。尽管如此,最近对此却有些兴趣,实在是“如鲠在喉,不吐不快”了。

先说其功。文,心学也。所以热爱文学的人,应是心灵世界,或者叫精神天地比一般人广大深密。就古今文学而言,总体上似乎今人作品的精神时空比古人细腻丰富。可能是因为人类精神的发展和文学表现力的发展之故。所以传世之作中,《诗经》显

得单纯而朴实,《红楼》则细密复杂深刻了许多。所以喜好文学,时常受其沾染陶冶,自然也就受其影响。真正喜好并深入探究的人多数会颇有精神境界而不失赤子之心。这是人文性的力量!从这里说,金岳霖所谓文学与哲学没有关系似乎有些偏颇,二者在本质上是相似的。在如此纷嚣的世界里,尤其是当今物质条件极其丰富的时代,营造精神时空,赐予心灵栖息地,文学确实有功。

次说其过。上面说到文学之功,而其过正是其功的延伸。时常听说,真理向前多走一步就是谬误,过犹不及。当文学对人浸润太深,则其人必反受其殃。精神世界太过丰富的时候,人便会为其所累。但

事事不乏例外,则其人必是非凡之辈,真能“拿得起,放得下;进得去,出得来”。诗为文学之冠,所以诗人的人生多有不能承受之重。屈原是本人在文献中了解到第一个轻生的诗人,他自沉汨罗江,“宁赴清流,葬于江鱼之腹中”,也不愿“以皓皓之日,而蒙世俗之尘埃乎”。现代少诗人,而那些为数不多的诗人可能正是真正的诗人。真正的诗人也多困于宇宙人生难以自拔。走极端的现代诗人,如“面朝大海,春暖花开”的海子,还有“黑夜给了我黑色的眼睛,我却用它寻找光明”的顾城。而一般人,如果被文学浸润太深,即使没有诗人之名,也难免诗人般的困境。这实在是文学之大过。

人类的产生表明,人正是社会性的动物。诗人远于世俗,而人首先却是世俗的。原本提倡雅俗共赏,如果我们只能雅不能俗,则难融于世。诚然,人类文明自发端至今,已使人的精神世界丰富异常,所以人也难免有远俗的渴求。但远俗太过绝对,则又必会违背人类的社会性。本人认为对于人类,追求远俗实在正常亦不妨,但确需同时适当遵守人作为动物的本源一面。似乎群聚时俗一点,独处时雅一点,才“允执厥中”,平衡适当!虽然是俗者难雅,雅者难俗,真要做到实属不易。

Pursuing Happiness

People pursue happiness throughout their lives. However, no one can tell what happiness is, for happiness means too much things and includes various feelings. Happiness, to some extent, is a kind of energy, originating from material things and showing in people's hearts. Similarly, unhappiness reflects people's feelings and moods. The difference between happiness and unhappiness lies not only in material things, but also in people's moods and feelings.

Happiness is like blossom, like ripples of spring water; happiness is like rural landscape, like cloud in the blue sky.

No shape, no temperature, no taste, no color. Sometimes, happiness is such a thing that you can easily experience it, but can't touch it.

But sometimes you can feel happiness with its shape, temperature, taste and color. Your feeling of happiness depends on your ability to catch it.

People's feeling about happiness varies according to their life experience and purpose, the environment around them and their value orientation. No one can get happiness without considering these factors. According to Abraham Maslow's hierarchy of needs, these material

needs and spiritual needs are people's reflection to real life.

Happiness means that people's spiritual needs arrives at a higher level. It is fair and everybody can enjoy it. It has nothing to do with people's wealth and status and it is not utilitarian. Happiness is a hybrid of various feelings and moods and it is good for people to pursue and catch happiness.

People can experience happiness at any time and at any place without reasons, for example, when you appreciate a pair of shoes; when you have a great plan, you may feel happy. You may not tell what kind of happiness you are enjoying, since they are just part of your life.

There is no definition to define happiness because of its various contents. No one can control his or her happiness, the only thing you do is to feel it, enjoy it and experience it. Happiness is on the way, please harbor it and maintain it.

Happiness means moment of joy, self-dependence. Everybody can have his or her happiness. Please appreciate it.

He said that in order to get the accurate information about the labor demand of the enterprises, to better serve economic construction, to share the informa-

tion of resources and employment, and to create the “double 100 project” of college-enterprise cooperation, the Personnel and Labor Bureau has actively built the docking platform for the cooperation between schools and enterprises. They also carry out directional cooperation in running colleges, enhance the service level and ability of local economic and social development, and try to realize scientific development of enterprises and schools under the service of the Bureau.

Mr. Zhao introduced the reform & development of Sanlian University and the construction of the applied undergraduate institution in recent years. He pointed out that, Hefei city is a benchmark of the province, while the Hefei National Economic and Technological Development Zone is a benchmark of Hefei; Personnel and Labor Bureau of Economic and Technological Development Zone has made outstanding contributions in service to the community economic development and expansion of employment; they came here not only with the attitude of learning but also with the desire of cooperation and win-win. The running orientation of the university is based on Anhui Province and serve the whole country, and to cultivate innovative and practical talents for the

province and the country’s economic construction and social development. They hope to better serve the economic construction of Anhui and Hefei on the platform built by the Hefei National Economic and Technological Development Zone for school-enterprise cooperation.

Mr. Liu Zheng pointed out that, Sanlian University regards training high-quality applied talents as its mission; in recent years, the university gradually increases the intensity of the education and teaching reform, carefully adjusts the plan of cultivating talents to meet the employment needs of enterprises; the school further improves the quality of graduate employment training plan, vigorously improves the students’ practical ability, regards employment and entrepreneurship education as an important work, and achieved good results. Both schools and enterprises can conduct in-depth cooperation. The real employment needs can timely and effectively be responded to the school’s training plan and thus the educational reform can be deepened.

The negotiations achieved fruitfully. Two sides have reached a number of cooperation agreements in the employment needs of enterprises, employment of school leavers, teaching reform, personnel training, school-locality cooperation, school-enterprise cooperation and so on.

The Fourth Undergraduate Teaching Seminar of Anhui Sanlian University Held

From May 28 to June 4, the Fourth Undergraduate Teaching Seminar of Anhui Sanlian University was held in the First Campus. The Semi-

nar had four stages. The theme of this meeting is to “uphold the connotation development, consolidate school basis, and improve the quality of per-

sonnel training". More than 140 people attended the meeting including leaders of Sanlian Educational Group, leaders of the party and administration of the university, directors of the Steering Committee, members of the Representative Assembly Executive Committee, the authors of the papers, management cadres, academic leaders, teachers in charge of majors, key teachers and so on. 35 papers were pre-compiled into a book, which was learned and exchanged during the meeting.

Chairman Yu Wansheng stressed in his opening remarks that keeping paces with times and changing the concept are the pilot; carefully nurturing and focusing on talent quality are fundamental; gradual, deepening teaching reform is the driving force; focusing on the future to improve the teaching quality is life. He also encouraged everyone to take the opportunity of "assessment" to improve the teaching, to take the road of scientific development, to take the road of characteristic development, to take the road of the construction and management.

Professor Li Jianqi from Nanjing Institute of Technology made a special report titled "Training and Teaching Reform of Applied Talents--being realistic and pragmatic, being scientific and standardized, coordinating and linking, meeting the evaluation and construction standards"; Professor Lingyun from Central China Normal University, made a special report titled "Construction and Running of the Teaching Quality Monitoring System in Colleges and Universities". Professor Li Jianqi also visited the laboratories of the University and gave some advice.

Professor Yi Youmin, the Executive vice-president of Sanlian University, gave a report titled "To Improve Quality Consciousness, Strengthen

the Connotation Construction, and Fully Carry Out the Work of Self-Assessment". The report reviewed the first phase of the university's evaluation and made arrangements for the next stage.

The reports of the three experts and professors are incisive and profound in a strategic height, and they provided a broad view and a clear direction for the seminar to be carried out extensively and deeply.

On afternoons of May 30 and June 1, all the participants from each department of the university were divided into three groups according to the three categories: science, arts, and offices. The three groups discussed the two topics respectively. The members of each group actively participated in the discussion and provided suggestions. Through brainstorming, each group had clearer ideas and goals on further developing the application of practical teaching, school quality assurance system, and trying to do a good job of assessment and construction. Through discussion, the meeting reached seven consensus: changing educational ideas is a pilot; to improve personnel training quality is the core; to improve the conditions of school construction is the premise; strengthening the teaching staff is essence; to explore practical teaching system is the vital part; to strengthen the construction of disciplines is the key; unity, being responsible, fighting and harmony are the guarantee. The participants agreed that the seminar showed the four "highs": high level of the invited experts, high standard of the special reports and thematic reports, high attention paid by the Group and the university, and high enthusiasm shown by the staff.

In the summary of the meeting, Mr. Zhao Yanzhu, the deputy party secretary, cast highly

summary of the seminar. He hoped that the staff would seriously study and understand the spirit of the report and strive to strengthen the connotation construction, consolidate school basis, to improve the quality of talents. Gui Ningdong, the Secretary of CPC in the university, made an important speech. He stressed that the most pressing and important task was to improve the teaching quality of the university; to improve the quality is focusing on construction; the staff of the university should ride on the momentum, overcome the difficulties, work hard, and take this meeting as an opportunity to vigorously strengthen the center position of the teaching work, to improve the quality of education, to create a new situation in the

dures of these activities. Practice needs to be combined to carry out all tasks. Working Diligently and Earnestly at Party Affairs

—Zhang Jian from Anhui Sanlian University

Zhang Jian, the Director of Students Management of English Department, has been a party member for 36 years. She takes great pride in and has a grave responsibility for working at the Party Affairs of Anhui Sanlian University. She thinks that students' ideological and political education is the basis of the Party construction and regards it as her own historical responsibility.

1. Working Steadily and Orderly on Admitting New Party Members of the Teachers and the Students

Firstly, she pays great attention to the students' ideological and political education. She takes advantage of every minute to have a heart-to-heart talk with the students and lead them psychologically closer to the Party, helping them to eliminate their ideological problems and confusion, thus laying a solid foundation for the Party Construction of School of Foreign Languages.

Secondly, she puts special stress on the education of Socialist Nuclear Value System, Moral and Legal systems and recruits new party members in strict accordance with the standards of Party

members. She carries out the recruitment work in students' usual learning and living and requires the students to join the Party not only organizationally but also ideologically. The party organization has been developing gradually. In the past year, the first general Party branch, which she belongs in, admitted 342 new Party members, transformed 163 probationary Party members to be formal ones, and held 2 training classes for active applicants for Party membership, providing systematic training for 883 active applicants.

2. Playing the Full Role of Model Party Members

Last year, 18 Party members of the first general Party branch were listed as the first Demonstration Posts of Party Members in Sanlian University and each member on the list was given a card of model post. Greatly encouraged, they will be stricter with themselves and influence others by their own exemplary actions. The card of model post signifies not only an honor, but also a responsibility.

Last December, the "cards of model posts" were awarded to the dormitories of Student Party Members and the model dormitories of Student Party Members. This March was the eighth Safety Education Month. Because most secretaries of the Party branch served as the director of the Self-discipline Committee, they called for

student Party members and student leaders to exercise strict self-discipline and play the model and leading role in the Safety Month Activities.

When working on the evaluation of the Bachelor's Degree Granting Right, many Party members of the English Department in various positions considered the development of Sanlian University to be a top priority. They worked in unison and made great contributions for the Bachelor's Degree Granting Right under the unified arrangements of the college leaders and in the spirit of "A Party member is a flag."

The pass-rate of TEM4 in English Department is 61.33%, 5% more than the national average pass-rate. In the intensive training for Grades 2008 and 2009 undergraduates, the teachers with party membership in English Department prepared materials and marked examination papers in their spare time for the intensive training classes. Their hard work and silent dedication has been hailed by all the teachers and students.

3. Constantly Opening up a New Situation of the Party Affairs in College

As a Party member of many years, Zhang Jian loves the Party's cause and her own work and makes strict demands on herself. She completes her tasks assiduously and steadfastly, and has accomplished certain achievements. Upon the recruitments of

new Party members, in order to finish all the tables of the new Party members, Zhang Jian always spends her weekends in the office or brings the materials back home to complete the extra work. She carefully checks the material for every new member and spared no effort to ensure the quality. Once she finds any points that fail to meet the requirements, she would correct them immediately. Therefore, each time the materials she prepared were in praise of the General Committee Office, thus greatly promoting the scientific level of Party construction work in Sanlian University.

4. Work Innovatively to Combine the Party Construction and the Development and Flourish of Socialist Culture

Zhang Jian said, "Achievements can only prove the past. As practitioners of college Party affairs, we should stress on political integrity and professional competence equally. Political integrity is the first thing. We should improve our qualifications, strengthen our ideological and political power, develop positive attitude and good character, omni-directionally improve our own ability, enhance a sense of responsibility and mission, and win glory for the Party flag with our actions. The new situation has put higher requirements on

Party affairs and Party affairs workers in colleges and universities. We have to advance with the times, implement the spirit of the 6th Plenary Session of the 17th Central Committee, combine the Party construction and the development and flourishment of socialist culture, improve college students' cultural quality, actively guide and enrich students' campus culture activities and let them become the main force and loyal practitioners of the development and prosperity of socialist culture."

Zhang Jian often says, "Party affairs workers should seek unity of thinking under the leadership of the Party, improve qualifications, and maintain and establish the new images of the Party workers. Wherever or whenever, we should never forget our oaths that we swore when we joined the Party. We should join the Party not only organizationally but also ideologically. We should set strict demands on ourselves by the standards of Party members, work hard for the Party's cause, make contributions for the development of Sanlian University, initiate new situations of the Party affairs in college, make constant achievements on the road of life, and thus meet the honorary title of 'A Communist'".

To Build an Excellent Work Team

Sanlian Traffic Group has set up eight branches all over the country to expand market. No. 3 branch is in charge of the market business in Tianjin, Guangxi, Guizhou, Yunnan and Hainan.

As known to all, team spirits always play a key part in a working team. As a newly-established team, No. 3 branch has attached high priority to building an excellent working team, making each member of the team do his or her best to expand marketing.

At the beginning of the year, the branch set the management system, encouraging the staff to hang together to promote working efficiency. Also, great attention has been paid to team cooperation. A good team should work effectively with reasonable work methods. There are twenty-three people working in the team, among them, five members are in charge of expanding market, sixteen engineering staff and two people are in charge of technique support. All the staff cooperate with each other very well and ensure that everybody does his or her best to complete the work object. A good team spirit requires every member of the team value team success first instead of individual success.

It is also vital to train individual ability to expand market. Thus the team work efficiency can

be promoted. The branch has set up a system that all the staff should help new employees make them familiar with the working process.

Either team spirit or individual ability requires an excellent leading person to instruct the team to work. A good leader should volunteer to give his power to the staff, thus, the staff can have the opportunity to strengthen their work ability. Otherwise, the development of the team will be hampered. So the project manager responsibility system is implemented to promote the team work efficiency.

No.3 branch will work under the leadership of the general manager to get more marketing success.

A Newcomer's Self-Inspiration

July is a month for growth, and by the time I have already worked at Sanlian Investment Group for two months and a half. Time goes by really quickly, leaving no hints to trace. And two months and a half is enough to signal a new start for my whole life.

Four years ago, I, a fresh undergraduate who embraced new hopes for the future, came to Anhui Sanlian University to begin my rich and dynamic collage life. And four years later, when I was about to enter the society, I was lucky enough to join Sanlian again. This time is different. I work in Sanlian Investment Group, which, together with Anhui Sanlian University, belongs to Sanlian Family.

New environment will necessarily bring new challenges! I am recruited into the Personnel Department, which is a totally new field for a green hand like me. My feelings are mixed: inexperienced, curious, confident yet worried.

How lucky I am to be a member in Sanlian!

At work, the sincere instruction, enlightenment and encouragement from my leaders serve as great motivations for me. Moreover, my colleagues are also willing and ready to help me in need. Gradually, I become familiar with my job and understand that Personnel Department is mainly engaged in six areas: Human Resources Management, Compensation and Benefit Management, Training and Development, Performance Management, Recruitment and Allocation, and Labor Relations Management.

As regards my work, I have formed my own understandings and realizations, which are as follows.

Firstly, good human relationship is a necessity. In any department, good relationship is a prerequisite for the settlement of many matters, because communication is unavoidable if one wants to deal with an issue, whether it is within one company or, more or less, with a government organ. Therefore, harmonious relationship is extremely significant for successful work.

Secondly, attention to the details and patience are highly valued. These two qualities are the most impressive lessons I have got from my two months' work. Big matters like some principles, small ones like the punctuations in a report, and all these need our careful consideration and check. Numbers, in particular, should receive the highlight, because a small mistake related to numbers could influence the whole company. A slight error in number may bring inconvenience for the Financial Department, as well as to the other related departments, and will cause a waste of time and energy. In addition, personnel management engages in a lot of service work, which are either heavy or minute. Only those who are patient and attentive to details could do it well.

Thirdly, confidentiality is a must. Different from the other jobs, personnel management regards confidentiality as its core working principle. We need to collect the basic information about our working staff, and this will naturally be related to

their privacy. As members in Personnel Management Department, we need to keep the information within us and never make it be exposed.

Besides all the above-mentioned points, I also summarize that personal abilities and teamwork spirit are dramatically valuable. Personnel management requires one to be positive and active, which I would cultivate in myself in the future. I also think that no matter what positions one holds, he or she must strive for a positive attitude to work, professional abilities in one's job and an improvement for oneself by learning from the others. What's more, teamwork spirit should be always stressed. Though one is strong, he is not regarded as strong without a team. In addition, a company which aims to expand its business could not achieve so without good coordination among its different departments. Within a team, motivation is an important method to inspire the members. Because every member has huge potential, what the team must do is tap into the potential. Imagine that if every member has used his or her

potential, what benefits it will bring to the whole team! We could expect a rapid improvement for the team performance.

I still remember the kind suggestions given by our leaders when I came: "you should do more listening, more observation and more learning." And now I would add two more for human resources management job: do less talking but more actual work. For things that I do wrong, I will correct my mistakes and avoid not making the same mistakes again. For things that I do not know how to deal with, I will ask for advice from others with a learning heart. And these two principles, I should say, has always been observed since my work.

In a word, Sanlian's future is our future. My efforts today are not only intended for a better future for Sanlian, but for the realization of my own values and a more beautiful future for myself!

(Xu Qianyu, Human Resources Department of Sanlian Group)

Merits and Demerits of Literature

Majoring in Chinese, I have got some knowledge about literature, but I feel disconcerted to comment on merits and demerits of literature. Such as it is, recently my interest in literature has grown so strong that I felt obliged to get it out of my chest.

As to its merits, I think that literature is the philosophy of the mind. As a result, people who love literature must have a vaster realm of the spirit than ordinary people. With respect to ancient and modern literature, modern literature generally seems to be more tender and rich than ancient one spiritually. Maybe it results from the development of human spirit and expression of literature. Therefore, the Book of Poetry appears pure and plain while A Dream of Red Mansions is more profound and complicated. As a result, I am naturally influenced by literature as a literature fan. It is the power of humanity that people who

are fond of literature have mental shackles as well as man's natural kindness. In that case, it is improper for Jin Yuelin to say that there is no connection between literature and philosophy for they are similar in essence. At this age when material conditions are immense, literature contributes much to the establishment of spiritual state and habitat of the soul.

The birth of mankind indicates that a man is a social animal. Although poet is away from the ordinary, as a human being, he must be secular. We originally advocate suiting both refined and popular tastes; however, if we can only appreciate the refined but reject the popular, it is difficult for us to be part of the world. Indeed, since the foundation of human civilization, people's mental world is getting more and more colorful; therefore, it is not difficult to understand that people have a desire to get away from the ordinary. Nevertheless, if that goes too far, it will violate the sociality of human beings. In my opinion, as for mankind, it is acceptable to pursue the state of far from the ordinary, but it is also essential to obey the fact that mankind is a kind of animal. Even though it seems secular when people get together and graceful when they are alone, it is important to achieve the balance of those states which is not easy.

(Wang Peimin from Sanlian University)
